Hi David

Hope you got down to London ok.
Yes, it's always good to talk face to face.

I've attached a selection of photos. The 2 relating to the installation of the drain along the front of the property have the date on I think. That work was done on the 4th of September. (I gather the drain is a perforated land drain). The laying of the bed of stones to create a driveway for groundworks machinery was completed 11th September.

All the other photos, including "wheel washing" facilities (i.e. water butt and a brush) were taken yesterday.

My builder is Joe Laydon of JIL Construction, Millom.

Let me know if you can't access the dates on the photos, then I can screenshot them and send them to you.

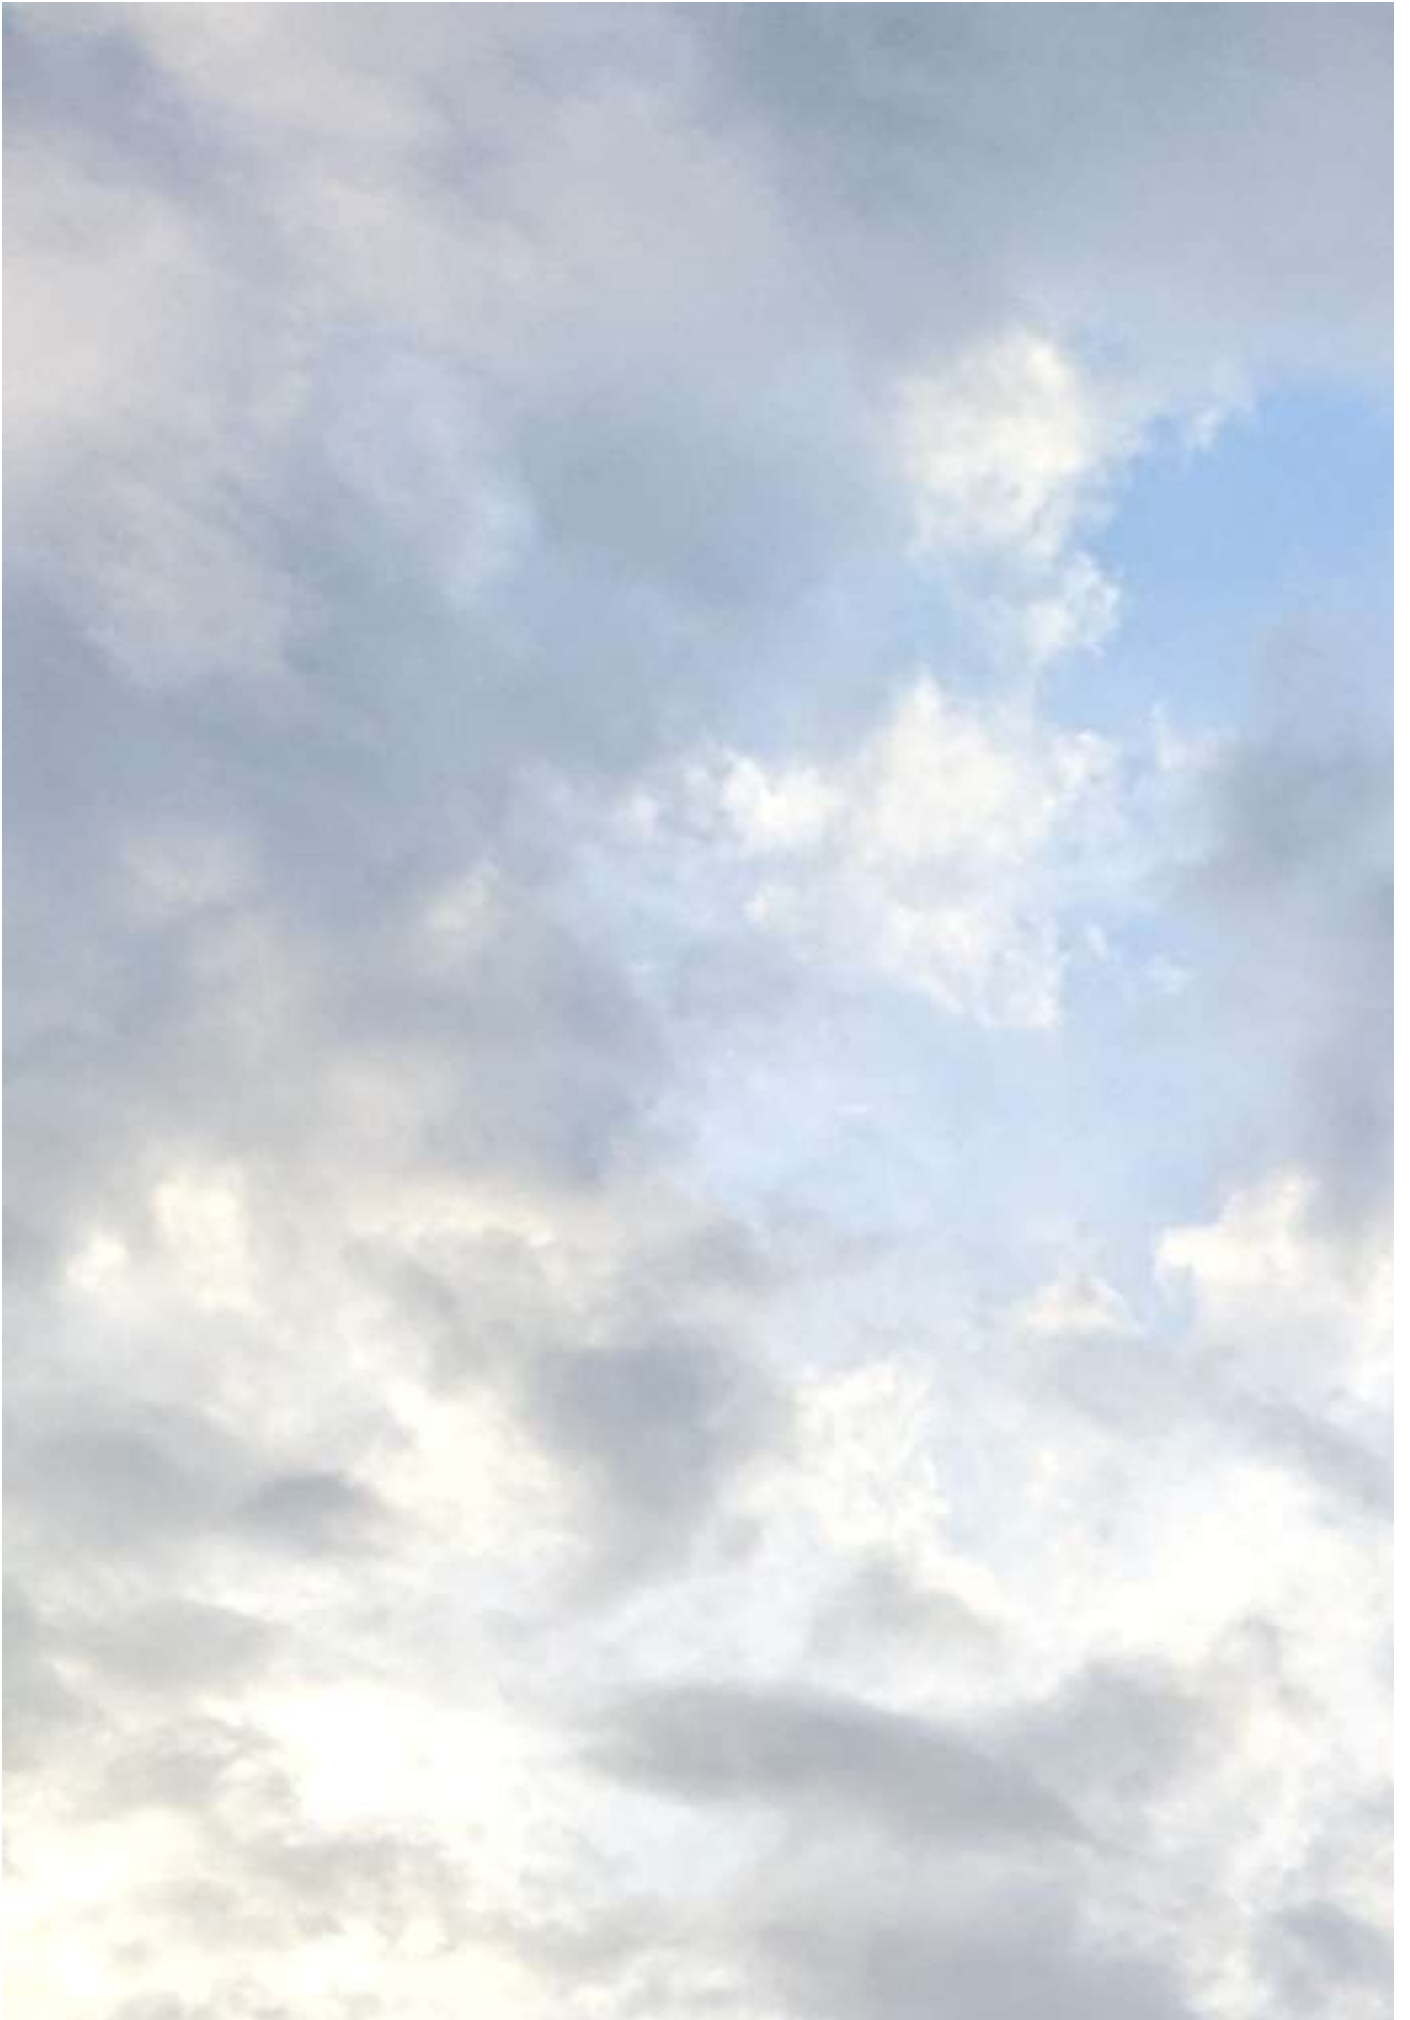

If you need extra photos just let me know what you need and I can pop down to the plot and take what's needed.

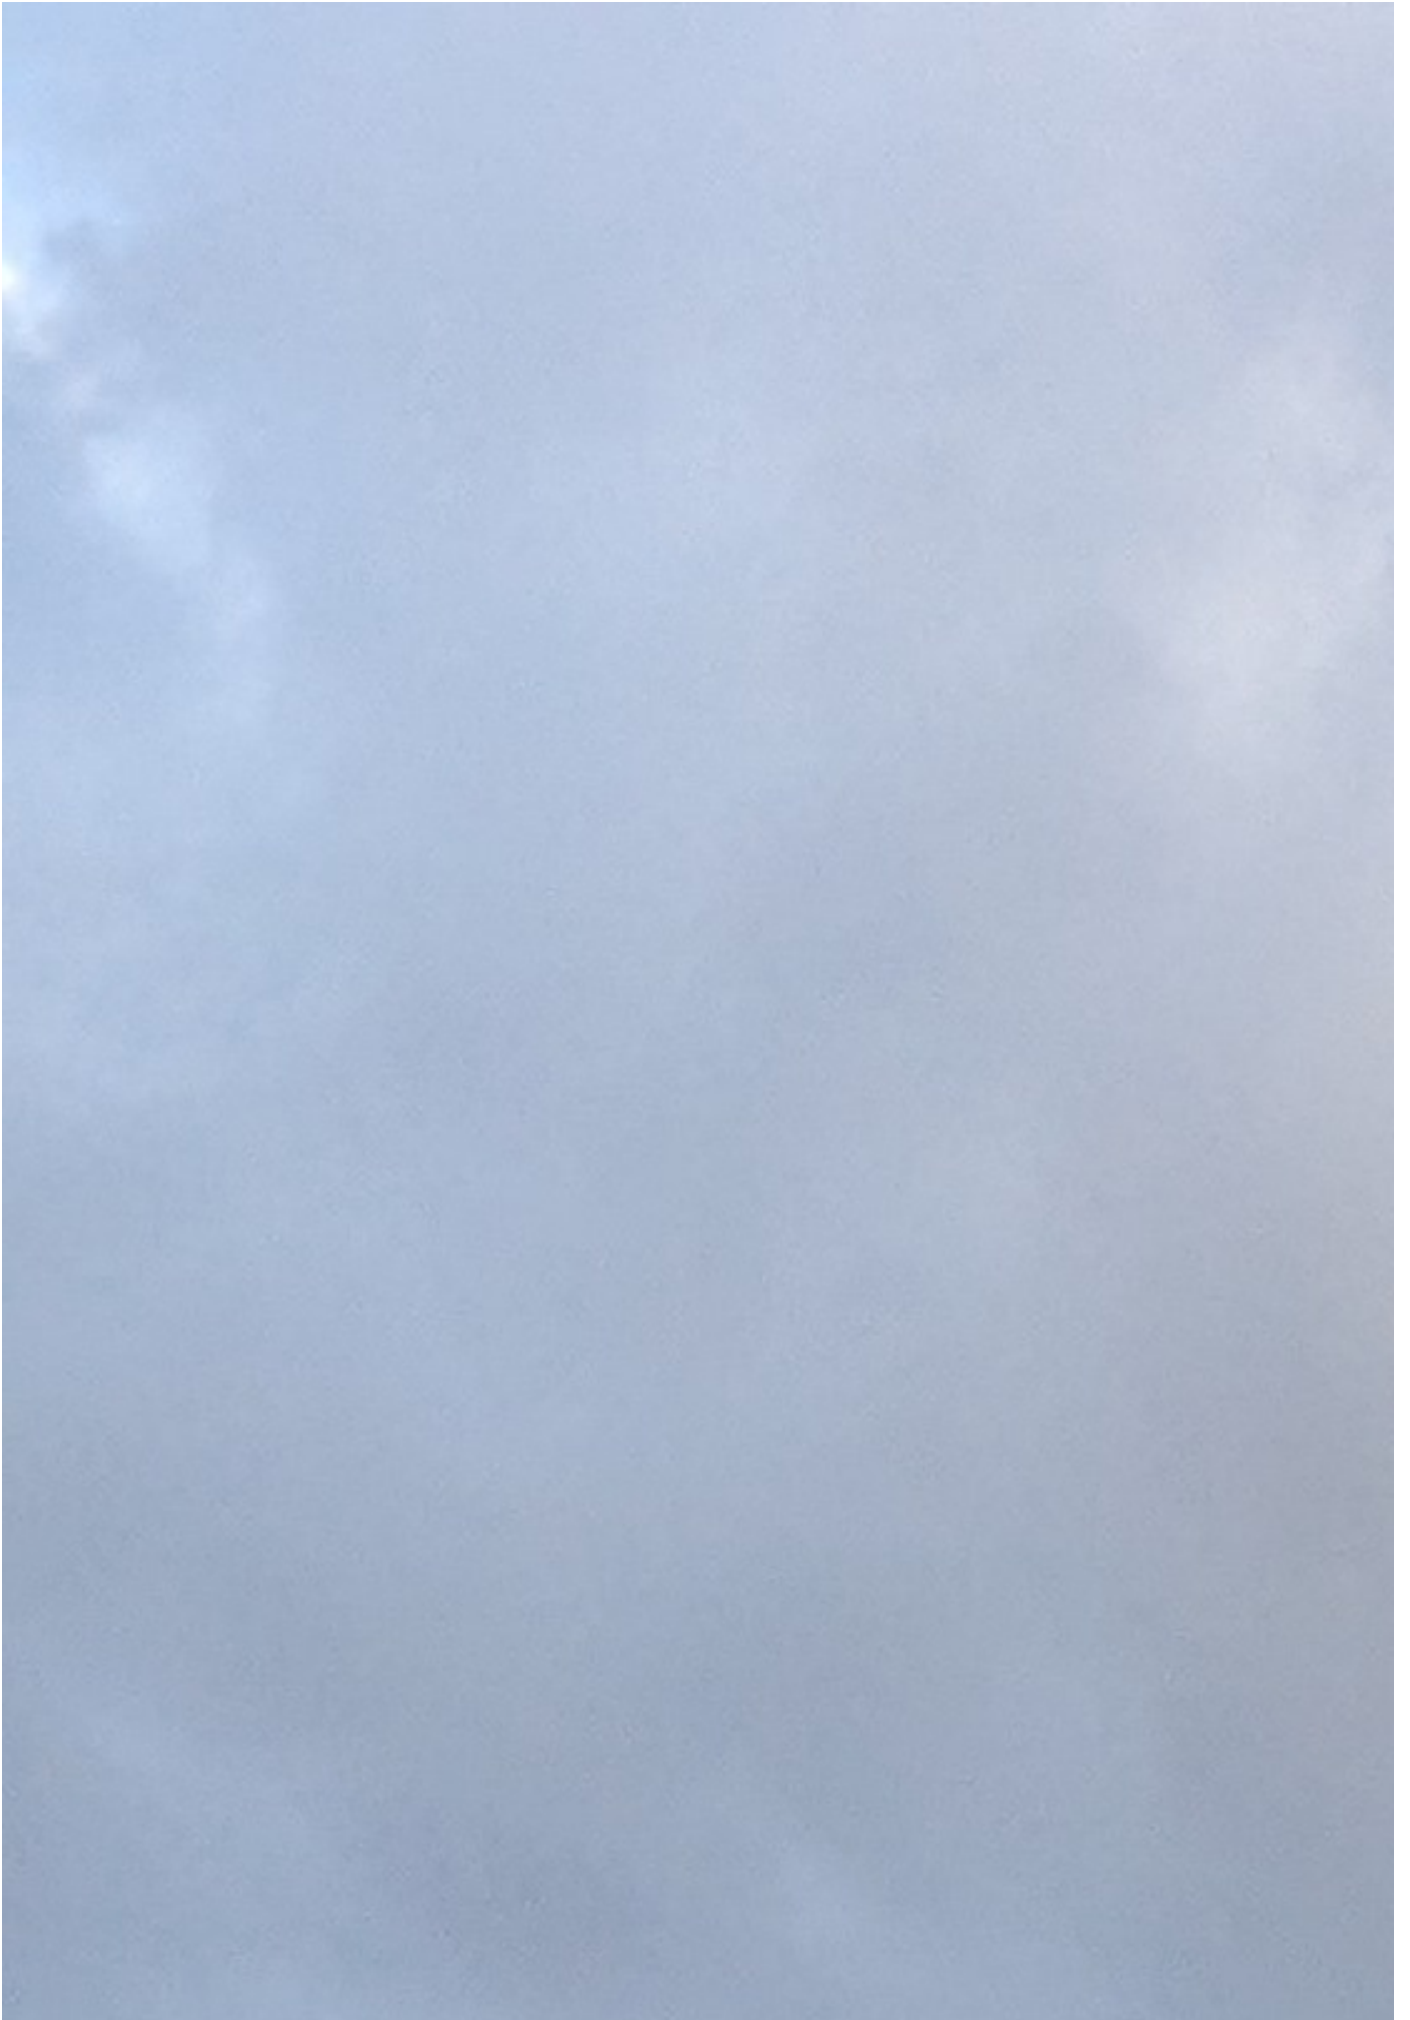

Regards

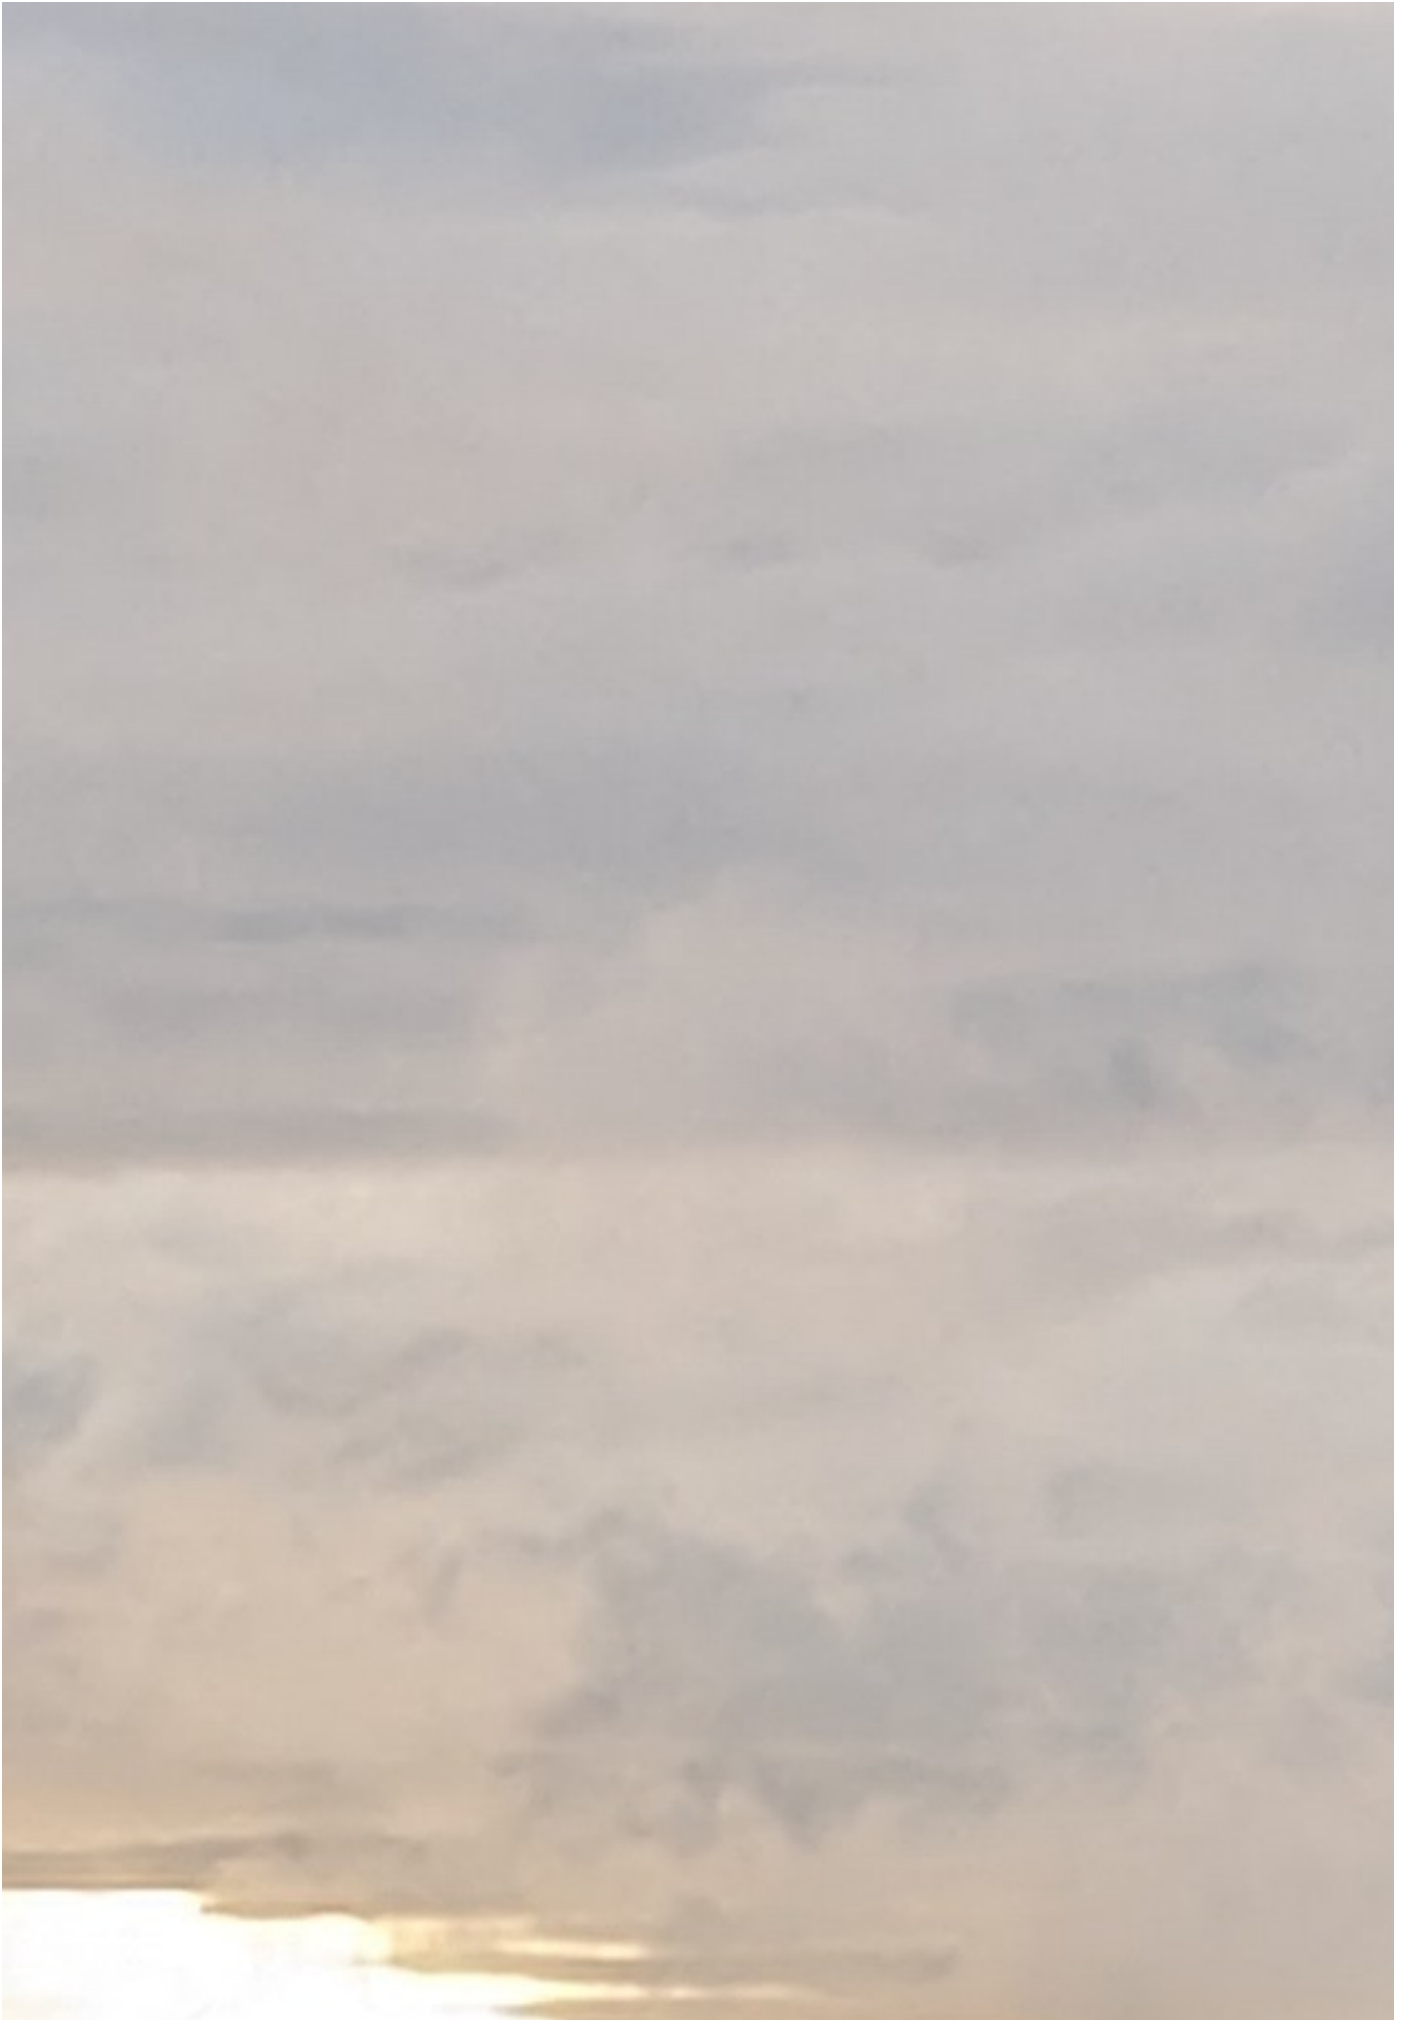

Dilys

Hi Dilys,

Great to meet you in person today.

When you get the chance if you send me the photos that will be great.

Furthermore if you can confirm the contractors who carried the work the date they started and the date they finished that will be great.

Cheers

David Wright MRTPI

Subject: Tomorrow

Morning David

A slight change to tomorrow's meeting if that's ok. I'm seeing a friend in Whitehaven late morning so thought it would work if we meet halfway instead of you having to travel down here. The Woodlands Tearoom at Santon Bridge and Beach Road cafe in St Bees are options to meet at as they are both open by 9.30 In fact I think they're open at 9 if you wanted to meetup earlier. Let me know what you think.

Regards

Dilys
