Biodiversity Net Gain

Do you believe that, if the development is granted planning permission, the Biodiversity Gain Condition (as set out in paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990) would apply?

Yes ☐ No ☒

No, please provide reasons, with reference to which exemptions or transitional arrangements you believe apply:

The proposed application is exempt from the Biodiversity Net Gain conditions as the development is a change of use application for an existing building. The development does not require any reworking of the existing building structures or outside spaces. The de minimis exemption applies as the change of use development does not impact on any on site priority habitats as stated by the Secretary of State for Environment, Food and Rural Affairs under Section 41 of the Natural Environment and Rural Communities Act 2006. The development does not impact on any on site habitat. The site does not have any recognised priority habitats. The site will not impact on any on site diverse habitats such as hedgerows. The development is also classed as "small development" under Article 2(1) of the Town and Country Order 2015 also making it exempt from Biodiversity Net Gain conditions.

Yes, please provide the information requested in all the questions below:

1 or after 25 August 2023 which were in accordance with a planning permission?

Yes ☐ No ☒

If Yes, please provide details including: the date immediately before this activity was carried out; the onsite biodiversity value on this date; and any supporting evidence (or reference to relevant document containing these details).

Yes ☐ No ☒

If Yes, please provide a description of these and any further details (for example reference to relevant document):

I/We confirm this application is accompanied by the following:
