Morning,

The trees can be removed on Health & Safety grounds and then retrospectively apply for their removal.

The application that is submitted should be accompanied by a report that demonstrates the condition of the trees and also sets out replanting proposals and timescales.

Regards

Development Control

Hi Cathy

Our contractor has highlighted 5 dead trees within Whitehaven town centre on windmill brow which is an area where one has failed previously can I take them down a.s.a.p. as they pose a health & safety risk and I will submit retrospective permission and we can replant a number along there as replacements. Map below shows approximate locations of dead trees marked with black X and near miss report attached from our contractor

Thanks
