RE: BECKERMET SERVICE GARAGE, BECKERMET
Ref: 4/23/2034/001

Good Afternoon

Thank you for the opportunity to comment on the above planning application. This response from the Joint Emergency Management and Resilience Team relates to emergency planning arrangements in the unlikely event of an incident occurring at Sellafield Ltd. The Sellafield site is currently covered by the provision of the Radiation (Emergency Preparedness and Public Information) Regulations 2019.

There are no objections to the proposed works.

However it should be noted that the location of the property is situated within an area outside the site which, in liaison with Sellafield Ltd and the Office for Nuclear Regulation, special arrangements are made for residents/business premises, this area is referred to as the Detailed Emergency Planning Zone (DEPZ). As a direct result particular attention is paid to ensuring that people are aware of the appropriate action to take in the event of an incident at the Sellafield site.

In view of the fact that this application, if granted, could increase the number of persons in the area (including trade people) I would be grateful if you could advise the applicant to liaise with this office via emergency.planning@westmorlandandfurness.gov.uk to allow for further discussion to ensure the applicant and their trades people/contractors are aware of the appropriate information and actions to take should there be an incident at the Sellafield site.

Kind Regards

Rachel Woodward, Emergency Planning Officer
On behalf of Jonathan Burgess, Resilience Manager
Joint Emergency Management and Resilience Team
Cumberland Council and Westmorland and Furness Council
Westmorland & Furness Council's Assistant Chief Executive Service
Penrith Fire Station, Carleton Avenue, Penrith, CA10 2FA
