Dear Patrick

PUBLIC REGISTER AND ENVIRONMENTAL INFORMATION REQUEST

Burny, The Green, Millom, Cumbria, LA18 5JB

Thank you for your email regarding the above site. Requests for recorded information are generally governed by the Freedom of Information Act 2000 (FOIA). The information you have requested is environmental and is therefore exempt from the provisions of FOIA by FOIA s.39(1). We have therefore considered your request under the Environmental Information Regulations 2004 (EIR). Please find our response below.

Our most recent National Flood Risk Assessment (carried out in 2008), which takes account of the location, type and condition of flood defences, classified the flood risk for this area as – "Significant – Greater than 1.3% (1 in 75) chance in any year."

We have no record of flooding at this location, or from the beck nearby, but the absence of recorded flooding does not mean that the property has never been flooded, nor that flooding may not occur in the future.

Rights of appeal

We hope that our response has addressed all of the questions that you have asked. However, if you are not satisfied with our response to your request for information, you can contact us to ask for our decision to be reviewed. If you are still not satisfied following this, you can make an appeal to the Information Commissioner, who is the statutory regulator for Freedom of Information. Their contact details are: Office of the Information Commissioner, Wycliffe House, Water Lane, Wilmslow, Cheshire SK9 5AF.

Yours sincerely,
