Subject: 4/26/2244/0A1 - LAND AT EAST ROAD, EGREMONT

Advertisement consent application for one illuminated fascia sign, one illuminated totem sign, one non-illuminated directional sign and one non-illuminated vinyl sign

Thank you for the above planning consultation.

Environmental Health have no objections to this proposed development.
The illuminance levels are considered to be reasonable for the given environment and should not cause loss of amenity to residents.
It would be preferable that the illuminated signs are switched off at closure of business hours in order to reduce general artificial light pollution.

Regards
