Good afternoon Oli/ Cumberland Council,

Thank you for your email.

Regarding planning application 4/25/2241/0F1, there are no National Grid Electricity Transmission assets affected in this area.

If you would like to view if there are any other affected assets in this area, please raise an enquiry with <https://lsbud.co.uk/>. Additionally, if the location or works type changes, please raise an enquiry.

Please note this response is only in reference to National Grid Electricity Transmission assets only. National Gas Transmission (formerly National Grid Gas) should be consulted separately where required.

The overhead lines routed close to the application site do not belong to NGET and will belong to the local DNO.

Kind regards,

NGET Asset Protection Team
