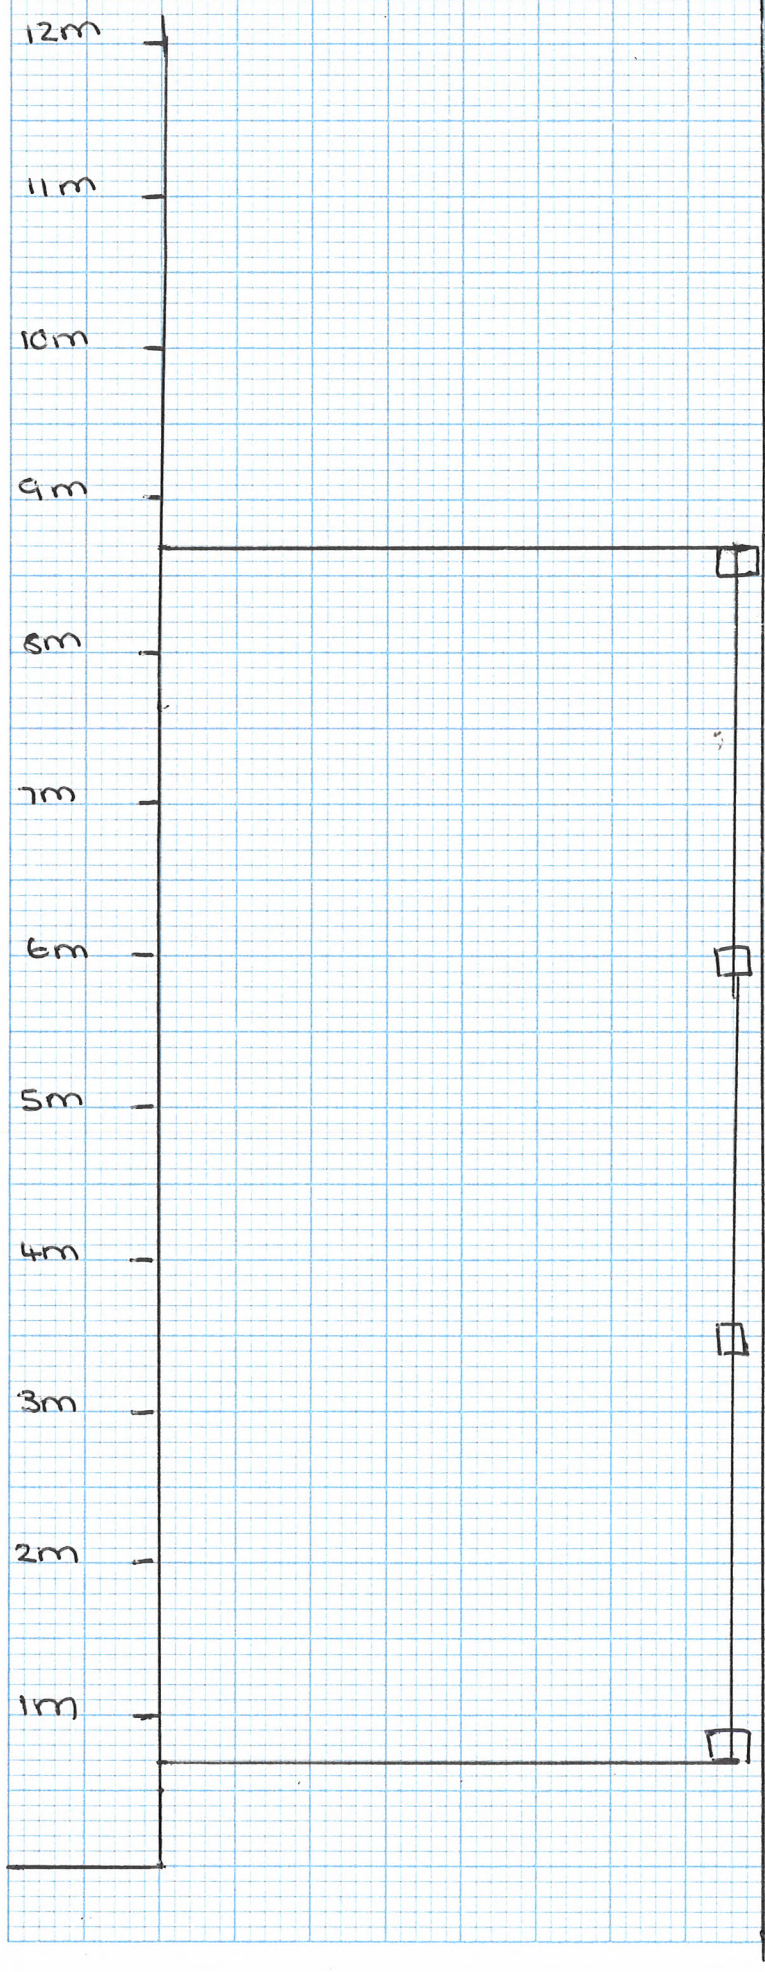
23 Smithfield Road, Egremont, CA22 2QF.

carport



height - 3m sloping to 2m 800

length 8m

width 3m 600

There will be 4 upright supports on the fence line but with enough room to maintain the guttering. The boundary fence will be replaced as its in poor repair, and will be the same as the fence on the boundary we have already replaced. The roofing will be plastic roofing sheets, and all supports and framework will be timber. It will all be painted to match the house.
