

Covered Driving Bays on Practice Ground at Seascale Golf Club –

Reapplication for Planning Approval (original application ref 4/18/2194/OF1). - Supporting Document

Seascale Golf Club applied to Copeland and was granted Planning Approval in 2018 for Driving Bays on its practice ground. There were some conditions applied to the approval and following delays due to the pandemic we submitted our response and request for discharge of the conditions a month ahead of the expiry of the planning approval (expiry 29/8/21). Unfortunately, the planning department was not able to complete the discharge before the expiry and advised that we might wish to reapply at some point in the future. We put the project on hold while we completed a project to install solar panels in 2022.

We are now able to reapply after securing the funding to proceed. Funding support is being made available through the Mid Copeland GDF Community Partnership and the driving bays are being provided as a community project to cater for all ages and all abilities in our local community. Seascale Golf Club is a Community Amateur Sports Club (CASC) and we are pleased to be able provide for this community initiative.

All aspects of the original application ref 4/18/2194/OF1 are retained and submitted with this application. We would ask that the plans etc submitted originally in 2018 are transferred over to this application. The document granting approval in 2018 listed as key documents:

- Location Plan (Amended), Scale 1:2500, received by the Local Planning Authority on the 21st June 2018.
- Proposed Driving Bays – Site Plan (Amended), received by the Local Planning Authority on the 21st June 2018.
- Proposal for Covered Driving Bays for Seascale Golf Club, received by the Local Planning Authority on the 2nd May 2018.
- Example of Type of Facility, received by the Local Planning Authority on the 2nd May 2018.
- Sketch of Proposed Driving Bays, received by the Local Planning Authority on the 2nd May 2018.

Payment: We calculate that the external floor area will be no more than 126m² and the amount fee due in respect is £1156 which we will arrange to pay to the planning department by their preferred method of payment.

Adam Lamb
